## Founders Day

February 19, 1852 is a date never to be forgotten

Founders Day is a time for Phi Psis around the world to join together to honor Founders William Henry Letterman and Charles Page Thomas Moore. In 1850, as a typhoid fever epidemic struck Jefferson College in Canonsburg, Pennsylvania, and many left to escape the spread, Letterman and Moore decided to stay and care for their classmates who contracted the disease. The bond formed that winter between Letterman and Moore inspired them to establish a brotherhood built upon the idea of *The Great Joy of Serving Others*, and in 1852, Phi Kappa Psi was formed. 170 years later, this bond lives on through our 91,000+ living alumni and on over 91 campuses nationwide.
