California Eta - Cal Poly

Harold A. Rosewall '66

On Monday, October 14, 2019, Harold (Hal) Alvin Rosewall departed this life doing what he loved: fishing with his buddies on their annual trip to Eagle Lake in northern California. Hal was loved by multitudes in the community and beyond: family, friends, former students, tenants and pretty much anyone who knew him. Hal was born June 15, 1944 in Michigan. His family moved to California when Hal was three years old as his father, who had suffered a war injury, needed warmer weather. The Rosewalls lived in an Army tent while building their home in San Dimas, CA. From that experience, Hal

learned construction skills from his father, and loved recalling how he was pulling nails out of boards before he was five years old. Hal often credited both of his parents with instilling in him the value of being an honest, loving and spiritual person. In his teens, Hal's adolescent shyness gave way to a newfound confidence. Transformed into an outgoing and gregarious young man, Hal parlayed his popularity into prestige becoming student body president and lettering in five varsity sports making All-League. After graduation, Hal attended California Polytechnic State University earning a B.S. in Industrial Technology; he was also a founder and lifelong member of Phi Kappa Psi, enjoying the pursuit of social and scholastic higher education. He also engaged in athletic and philanthropic activities, all this while preparing for a yet unknown future as a middle school shop teacher in a lifelong career where he would soon find his sweet spot. As an educator at San Luis Junior High and later Laguna Middle School, Hal was innately concerned that his students would learn not only industrial arts skills, but life skills as well. He focused on passing along to his students' life lessons he had learned from his own teachers: you CAN do it, you ARE worth it and you CAN achieve what you want. Today, students from his 36-year career still remember and revere him. His class was, Hal once said, "One the kids literally ran to." In retirement, Hal continued and expanded his love of music, travelling, fishing, skiing, and spending time with his family. He also enlarged his repertoire of puns, jokes, witticisms and tall tales. As a property owner in SLO, he managed and maintained several apartment buildings and also contracted out for occasional side jobs. He also enjoyed building beautiful Victorian birdhouses. Hal and his wife Sharon travelled extensively in the past few years and especially loved the Café Musique cruises, alpine resorts and warm, tropical climes. Hal leaves behind a loving family: wife Sharon, son Jake (Carrie), daughter Alaina, stepdaughters Laura (Alfonso) and Andrea (Mike), grandchildren Quinlin, Carly, Jeremy and Madison, and brother Lee (Kay), extended family members and many dear friends. In closing, it would be remiss not to commemorate Hal without a nod to his love of humor so herewith: Q: What kind of music should you listen to while fishing? A: Something catchy! Rest in peace, Hal. You

are missed. In lieu of flowers, donations in Hal's name to the Atascadero Elks Lodge Purple Pig Fund are appreciated.

Gregory P. Hahn '67

Gregory Philip Hahn, MD passed away peacefully at home in Danville on March 27, 2019 at the age of 71 after a long battle with melanoma. Greg was best known as "Dr. Hahn" to many families with young children throughout Alamo, Danville, and San Ramon through his more than 40 years providing pediatric care with the Alamo Medical Group.

Greg is survived by his wife, Wendy Cole; his two children, Erica Hahn [Patrick Inverso] in Brooklyn, Andrew Hahn [Annie Stordahl Hahn] in Alamo; his three step-daughters, Ali Stoner Williams [Jordan Williams] in Lake Tahoe, Margo Stoner in New York, Hilary Stoner [fiancé Leo Jimenez] in Lake Tahoe; his sister, Lindy Hahn in Santa Rosa; 4 grandchildren; 4 nephews; and many cousins. He is predeceased by his parents and several aunts and uncles.

Greg was born in Berkeley, CA to Charles Byron Hahn and Barbara Philip Hahn in 1947 and was a lifelong resident (and tireless champion) of the Bay Area. He was the proud product of a public education, graduating from UC Berkeley in 1969 and UCSF Medical School in 1973. During medical school he married Joanne McDaniel Dale, also Cal alumna, with whom he raised Erica and Andrew. He completed his internship and residency in Pediatrics at the University of Arizona and a fellowship in Adolescent Medicine at UCSF before joining Alamo Medical Group in 1977. During his career he served stints as Chairman of Pediatrics at John Muir Medical Center, as President of the Board of Planned Parenthood Shasta-Diablo and as a coach for Mustang Soccer League.

In addition to Greg's distinguished career caring for youngsters, he was passionate about a number of things, most notably the Cal Bears! Perhaps second was his passion for music. He and Wendy attended scores of concerts and music was the theme of more than one vacation as they traveled to catch shows. He loved to travel and he and Wendy were able to enjoy many great adventures before his health began to fail; they traveled as long as he was able and Wendy was there by his side every step of the way throughout these last years of illness, and for that, the family is forever grateful. We are sure that Greg would enjoy knowing that we all raised a glass in his honor, acknowledging that we will miss him, yet knowing that he is in a better place.

In lieu of flowers, please consider a memorial gift to advance melanoma research: www.cancer.ucla.edu/donate. Please note that your gift is in memory of Greg Hahn.

Edward D. Heath '54

Edward Dixon "Ed" Heath, USAF Lt. Col. (ret.), a computing administrator and academic advisor who put family, community, and kindness above all else, died on December 26, 2017 in

Indianapolis. He was 82.

His devotion to family and delight in gatherings during the holidays found him enjoying celebrations Christmas morning surrounded by his wife and many children and grandchildren at his home in Bloomington before falling suddenly ill that afternoon and ultimately dying of heart failure the next evening. Ed battled and beat

colorectal cancer earlier this year and had been home for the last two months. Ed's family would like to express appreciation to IU Bloomington Hospital, Bloomington doctors and nurses, Bell Trace Rehabilitation Center, Franciscan Hospital, and Methodist Hospital for their excellent care and support.

Ed was born to Edward D. Rou, Jr., and Cecile (Ritter) Whipple in Gainesville, Florida, in 1935 and was also son to Lowell F. Heath after his mother's remarriage. He grew up in Reddick, Florida, and Indianapolis, graduating from Ben Davis High School in 1954. He earned his B.A. in political science from Indiana University in 1957, certificate in meteorology at St. Louis University in 1958, and M.S. in public administration from George Washington University in 1972. He also attended Oklahoma University and George Mason University for graduate work. While at Indiana, Ed joined Phi Kappa Psi fraternity.

He traveled extensively during his first career in the Air Force Air Weather Service, stationed in England, Oklahoma, Louisiana, Texas, Virginia, Greenland, Illinois, and again Virginia before retiring as Lt. Colonel there in 1983. His work with meteorological computing systems led to further work in computing in the Defense Communications Service and then

CHAPTER ETERNAL

as director of academic computing at George Mason University, 1983-1990. He held a similar role at Catholic University before his last and, he would often say, most rewarding career change to academic advising in the healthcare field at Indiana University, 1994-2011. He so enjoyed helping students and took such great pride in their accomplishments he would often make connections to them with anyone he encountered in the medical field.

Ed's passion for family and for helping others ties strongly to his faith and involvement in the United Methodist Church.

He is survived by his wife of 52 years, Linda (Cater) Heath, whom he met in 1964 while he was stationed at Barksdale Air Force Base and married in 1965. Survivors from the immediate family also include his sister Carolyn Heath (John Agen), son James R. Heath (Mary Duray), daughter-in-law Bridgette I. Heath, daughter Melanie H. Priest (D. Wesley Priest), son David E. Heath (Alice B. Heath), and nine grandchildren: Rory Priest, Erica Heath, Bailey Priest, Sylaine Duray, John Heath, Elijah Heath, Keegan Priest, Audrey Priest, and Nicholas Heath. Ed is also survived by nieces, nephews, and many cousins. He was preceded in death by his parents, Edward D. Rou, Jr., Cecile (Ritter) Whipple, and Lowell Heath; sister, Nancy Rou; and son, John E. Heath.

In light of his love for spring, a memorial service will be held April 14, 2018, at St. Mark's United Methodist Church. In lieu of flowers and in the spirit and celebration of Ed's life, please consider a donation to St. Mark's United Methodist Church or to the Indiana University Foundation in his memory, toward the establishment of a scholarship for students in the healthcare field.

He was born November 3, 1957, in Indianapolis, to Charles and Joan (Eberhart) Rau, they survive.

While Paul was never married, he had plenty of family who loved him very much. Also surviving are two brothers, David (Denise) of Columbus, Indiana and Steve (Marji) of Greenwood, Indiana. "Uncle Paul" will be missed by his four nephews, John (Amy) Rau of Indianapolis,

Paul graduated from Columbus North High School in 1976. He then went on to Indiana University where he was a member of the Phi Kappa Psi Fraternity. In 1982, Paul earned a Bachelor of Science degree from the IU School of Business with a major in marketing. Later in life, Paul

CHAPTER ETERNAL

worked as a self-employed contractor in the Columbus area.

Paul had a great love for the outdoors, and this was where he was truly at home. He enjoyed fishing, hunting, trapping and doing projects at the family property in Bartholomew County. These projects ranged from building bridges over small creeks to enhance a hiking trail to planting trees for the next generation to enjoy. While doing these types of things, he often was accompanied by man's best friend, his dog(s). As the story goes, when Paul's mother couldn't find him when he was a little boy, many times he would be found in the literal doghouse loving his doggies. His heart was big and loving if you got a chance to know him.

Thomas P. Jones '53

Thomas Parker Jones was called away by the Lord unexpectedly on Sunday, February 3, 2019, at his home in Bakersfield, CA. Tom lived a long and fulfilling life, and went to rejoin his beloved wife Barbara at the age of 84.

Tom was born January 4, 1935, in St. Louis, MO, and lived there with his brother Dan and his parents Emory and Marilee, all the way through high school, where he was a track star at Kirkwood High. While at Kirkwood, he sat behind a girl at the start of one school year and thought without a doubt she was the prettiest girl he'd ever seen. He vowed right then and there that he was going to marry that girl one day. And he did - Barbara and he became high school sweethearts, and then went away together to the University of Kansas. They married and had two children, Catherine Penelope and Thomas Parker Jr, and were together almost 60 years.

Always one to look for opportunities for his new family, Tom took his business degree from KU and went to work in the oil industry. He earned his spurs in both Oklahoma and Minnesota, and then he and Barbara embarked on the opportunity of a lifetime - they went with Continental Oil to Tripoli, Libya, in North Africa, in 1962. They lived there ten years, raising their young children in an exotic and fascinating country. Tom was active in the local church, played competitive basketball and softball in adult leagues, and was coach, umpire and Vice Commissioner in what then was the largest Little League outside of the United States.

In 1972 Tom moved his family to Bakersfield, CA, now with Occidental Petroleum. Tom eventually became Vice President of Finance for Oxy's worldwide Exploration and Production, and stayed with them until his retirement in 1990. He and Barbara remained in Bakersfield from 1972 onward, except for short stints in Tulsa, OK, and Lima, Peru. Tom's life in Bakersfield was enhanced by the eventual arrival of four wonderful grandchildren, Neil, David, Carrie and Christy. Family holidays with them at his cabin in Camp Nelson were always a treat for him, as was watching their development into strong adults. In retirement, Tom continued his active participation in the First

CHAPTER ETERNAL

Richard P. Timmons '47

"All I've ever wanted to do is to make people feel better" was something friends and family of Dr. Richard Timmons heard him often say. He said those very words the week of his death on Dec. 3, 2019 at 92 years old.

Dr. Timmons, born in Cleveland, OH on Jan. 25, 1927 to Donald Barnes Timmons and Mary Poe Timmons, spent his early years in New Jersey. He served in the U.S. Navy from early 1945 to mid-1946, after which he attended Ohio Wesleyan University in Delaware, OH, graduating in 1950.

He moved to Phoenix after taking a job at TRW and enjoyed traveling around the Desert Southwest for the next several years. He then enrolled in medical school at Columbia College of Physicians and Surgeons in New York City, graduating in 1958. He completed his residency at St. Joseph's Hospital in Phoenix and began his medical career as a General Practitioner / Family Practice doctor. He became a Charter Member and a Life Member of the Arizona Academy of Family Practice (AAFP) in Phoenix.

Dr. Timmons was in private practice from 1958-1988, then went into Occupational Medicine as Physician / Medical Director at Garrett / Allied Signal / Honeywell Aerospace. He was certified as an Aviation Medical Examiner by the FAA and performed many pilot physicals and was also certified as a Medical Review Officer (MRO) and managed the Federal drug screening program for Honeywell, as well as cared for all the company employees. He retired in 2014 at 87 years old after a career that spanned over 56 years of helping others to "feel better."

Not only did he love medicine, he was also an avid photographer and was the "unofficial photographer" for many events, such as weddings, political activities, church functions, etc.

Dr. Timmons was active in his church, Grace Bible Church, singing in the choir for 16 years and served as the "unofficial doctor" for the choir and members of the congregation when needed. He used his extensive medical knowledge, experience, and common-sense approach to the practice of medicine to enrich and bless those with whom he came in contact.

He is survived by his wife of 31 years, Donna; 2 sons, Rod and Steve (Deborah) Timmons; 1 daughter, Sarah Perahia (Eldad); 2 stepchildren, Matthew and Nicole Carver; 5 grandchildren; 2 great-grandchildren; 3 brothers, John, Robert, and Jim; and many nieces, nephews, and cousins. His brother, Frank Timmons, and a foster brother, Eddie Eng, preceded him in death.

William Apel '50

With the final notes of Louie Armstrong and Ella Fitzgerald's version of "Stars Fell on Alabama" playing in the background, William Francis Lee (Bill) Apel died on December 9, 2019 at the SOMC Hospice Center. Bill was born on October 4, 1930, in Portsmouth, and was the last surviving child of the late Otto F. Apel Sr. and Claudia McCurdy Apel. His siblings were Clare Claudia Grossman,

Otto F. Apel Jr., and David Wayne Apel. Bill graduated from Portsmouth High School in 1948, attended Ohio State University, and graduated from Ohio Wesleyan University where he excelled in both football and baseball. Bill also served in the U.S. Army during the Korean War, but was stationed in the stables at the Palace of Versailles, France, as a military policeman.

When returning state side, Bill married his sweetheart and wife of 57 years, the late Betty Lu Russell Apel, and completed his education and athletic career as a player at Ohio Wesleyan University. Upon graduation, Bill was drafted to play football by the Philadelphia Eagles, but chose to continue his athletic career as a coach and mentor to hundreds of high school athletes. Bill taught and coached football at Notre Dame High School, Portsmouth High School, Northwest High School, and New Boston High School. Bill retired from Northwest High School as a special education teacher in 1997.

Bill's affection and dedication to his family, students, and players was foremost. He was a great influence on those whose lives he touched, not the least of which being his daughters, Molly (Marty) Glockner, Maggie (Rusty) Miller, his grandchildren, Martin Joseph (JR) Glockner, Jr., Anne Margaret (Annie) Glockner, and Mollie Elaine (Ali) Miller, his nieces and nephews, and the many players he coached. He bestowed upon us a strong work ethic, self-confidence, self-image, and self-worth, even when things may not have been going as well as he hoped. His daughters, grandchildren, nieces, nephews, and many of his players and equipment managers have undoubtedly heard one of his favorite sayings, "If you never made a mistake, you are a person who is doing nothing." Bill was honored as a coach at Notre Dame High School, and most recently by Northwest High School and "Apel's Army," the players of Northwest's 1973 football team. But most of all, Bill was a loving husband, father, and grandfather. Bill has left his children, grandchildren, nephews, nieces, and players to embrace his memory and hold it dear for years to come.

In lieu of flowers, memorial contributions may be made to the Earle and Jean Bruce Alzheimer's Research Fund in Neurology | Fund Number: 312531, Ohio State University, The Office of Medical Center Development, 660 Ackerman Road, P.O. Michael "Mike" Doran Henderson of Sisters, Oregon, 77, passed away on May 18, 2018, at St. Charles Medical Center in Bend after sustaining multiple injuries in a collision three weeks earlier in Redmond.

Mike was born on January 29, 1941, in Oakland, California, to John Henry Hill and Velma Louise Drewry Hill Henderson Day. When he was young, his family spent a lot of time at the Drewry Ranch in Mendocino County, where he enjoyed fishing, hunting and helping with the livestock. Over the years, he returned to the ranch many times to visit the Drewry cousins. His family moved to Oregon, when he was a teenager, and that is where he would end up spending the majority of his life. Mike graduated from Corvallis High School in 1959, where he was active in sports, student government and DeMolay International. He went on to college and completed his undergraduate studies at University of Oregon. He would later serve as president of the University of Oregon Alumni Association. He continued his studies at Lewis and Clark College School of Law and obtained his JD (Juris Doctor) degree.

Mike began his legal career with the DA's office in Grants Pass, Oregon. Later he realized that he was better suited for private practice, made the change, and never looked back. At that time, he was married to Sylvia Henderson, and they were raising their two sons and his stepdaughter. In the late eighties, he moved to Central Oregon with his family and continued his career as a self-employed criminal defense attorney. He also built Vermont Station, a downtown Bend office building, where he had his own business office and rented out the others. He was a practicing lawyer up until the tragic motor vehicle accident that ultimately ended his life.

Prior to the accident, Mike was a very active 77-year-old, still working but also enjoying his free time with a number of interests and hobbies. He was an avid Oregon Ducks fan and member of two American Poolplayers Association (APA) local teams, Chalk of the Town and Give Me A Break.

He enjoyed fishing, hunting, hiking, skiing, and horseback riding, as well as yoga, pilates and conscious transformation with his significant other, Annie. Mike was also a member of the

Folk Art Circle with the Sisters Folk Festival. Living in the serene Sisters countryside, he was taking care of a number of animals and living life to its fullest. Mike will be fondly remembered by friends and family for his calm and soft-spoken presence, sense of humor, intelligence, patience, kindness, thoughtfulness and loving spirit. He will be missed by many!

Mike is survived by his significant other, Annie Andreson of Sisters; sons, Martin Henderson (Julia) of Eugene and Michael Henderson (Wendy) of Bend; stepdaughter, Jackie Rudd (Lewis) of Seattle, Washington; sisters, Lynn Henderson of Fountain Valley, California, and Cindy Saling (Bob) of Surprise, Arizona, as well as four grandchildren and one step-grandchild.

In lieu of flowers, memorial donations in his name may be made to CASA (Court Approved Special Advocates) of Central Oregon, whose information can be found online at www.casaofcentraloregon.org.

Michael G. Estey '62

Michael Grant Estey was born on June 13, 1943 and passed away on July 26, 2013 in Newport Beach, California.

Scott D. Chambers '80

Scott Chambers – family man, community volunteer and business maverick – lost his battle with pancreatic cancer at his home in Pleasant Hill on November 3rd. His beloved wife, three children and two grandchildren were by his side. Scott was 59. He tenaciously fought to the end yet seized each day he had fully and intentionally with love and joy.

Scott was born in Eugene to Carolyn Chambers and Don McDonald. Scott lost his father at a very early age, and after his mother remarried, was adopted by R.A. Chambers, who was a devoted father. Scott lived in Pleasant Hill for most of his life. He graduated from Pleasant Hill High School in 1978 and started college at Oregon State. Fortunately for the Ducks, the draw of the University of Oregon was too strong. He transferred and then graduated from the school of business in 1982. He was active in many organizations on campus and was president of Phi Kappa Psi.

After graduation, Scott joined TCI Cable in Olympia, Washington, and did a stint in Novato, California, until he came back to Eugene to work for Chambers Cable. He worked and managed the cable division, a state-of-the-art production company, and then oversaw the four TV stations that covered the state. KEZI and Chambers Productions were instrumental in creating content for Oregon Sports, and they developed more than 2,000 hours of TV content. Scott was most proud of the 1995 documentary he executive produced, "Fire on the Track," about Steve Prefontaine. He was also responsible for overseeing the production of motion pictures and several television series. Scott spearheaded the sale of the TV stations to Heartland Media in 2014. After the sale, Scott and his wife, Kellie, redeveloped a commercial property in Pleasant Hill that they renamed Pisgah

CHAPTER ETERNAL

Public Market. They turned it into a thriving community center comprised of local businesses including a gym and dance studio the pair developed together.

Even though Scott was a successful and accomplished businessperson, he was first and foremost a family man and outdoorsman. He met Kellie, the love of his life, at the University of Oregon and they married in October of 1989. Scott and Kellie were lifelong partners in all that they did—family, cattle ranching, community projects and business endeavors. They had three daughters and two granddaughters. Spending time with family in the outdoors was the true joy of Scott's life.

Scott was a dedicated and committed community member, volunteering to give back to many organizations for the betterment of his hometown, education and youth sports. He was an integral part of the Chambers Family Foundation quietly giving away more than \$15 million dollars in grants to local organizations and non-profits. Scott dedicated time to the University of Oregon, KIDSPORTS and the Nature Conservancy. Scott volunteered many hours and years coaching varsity football and track at Pleasant Hill High School. He also led the efforts to fundraise and build a new track and community center. Scott was a hands-on person. Nothing made him happier than to climb onto a large piece of equipment, move some dirt or build with his hands. He loved gardening and woodworking and always left each place better than he found it.

Scott is survived by his wife Kellie; his daughters Kendra Goldberg (John), Danielle Chambers (Josh Gotlib) and Rachel Chambers; and his granddaughters Skye and Brooklyn. He is also survived by his siblings; Deborah Swett (Steven), Bruce Chambers (Lisa), Marcia Chambers (Gary), Bill Chambers (Karla), Silva Chambers (Matt), Clark Chambers. Two sisters, Eileen and Liz, preceded Scott in death. He is also survived by many nieces and nephews, whom he loved dearly.

In lieu of flowers, the family asks that donations be made to KIDSPORTS, to honor his passion for youth, and in particular, providing young women competitive opportunities to excel.

Born in Chambersburg on Oct. 27, 1926, Matt resided in Gettysburg and Lancaster for most of his young life, moving to Kingston in 1950. He graduated from Franklin & Marshall Academy in 1943 and from Massanutten Military Academy in Woodstock, Va., in 1944.

Matt joined the U.S. Navy in 1944, serving at Bainbridge Naval Training Center in Maryland, and attended Atlanta Naval Air Station's Control Tower Operators' School. He was subsequently called to active duty at Corpus Christi Naval Air Station in Texas and was Honorably Discharged in 1946 from Wallace, Texas, as

a member of the Naval Reserve. During the Korea conflict, Matt was recalled to serve in the Navy as a control tower operator at Quonset Point, R.I.

After completing his service, he returned to Franklin & Marshall College and graduated with honors in 1950 with a degree in sociology. Additionally, he spent four years in the marching band and concert orchestra and was a member of the Franklin & Marshall wrestling team.

He began his business career as merchandising manager at Penn Dairies in Lancaster. He relocated to Kingston and served as vice president of The Lynn Organization Advertising Agency, Wilkes-Barre, becoming president upon Mr. Lynn's retirement in 1982 as chairman. He married Lynn's daughter, Peggy, in 1952. He later co-founded the specialty advertising distribution company, Fields Enterprises Inc., with his daughter, Cathy Fields McHugh, which he operated in Kingston with his wife, Peggy, and son, Chris.

He was also a member of the Wyoming Valley Barbershop Chorus and formerly a Noble of the Master Shrine, Kingston, the Caldwell Consistory, Bloomsburg, and Irem Temple, Dallas.

In addition to a voracious love of football and his dogs, Matt enjoyed woodworking and fine craftsmanship and loved to visit places with etched glass, brass and old beams. His greatest passion in life, however, was scavenging and collecting folk art and memorabilia. He had a penchant for the old time, and was most at home amongst his countless trinkets, treasures, and antique collectibles - most notably war memorabilia and obscure historical books - and in his den alongside his trusty candy drawer.

Matt was preceded in death by Peggy, his wife of almost 60 years; son-in-law, John P. McHugh; and his beloved German shepherd, Liesel.

He is survived by his sons, Chris and his wife, Catalina, daughter, Cathy L. McHugh; Mark and his wife, Lori; Jeffrey and John Wunner; along with four grandchildren, John Jesse McHugh, and Sydney, Mason and Ashley Fields.

Donald R. Dietz '50

Dr. Donald Russell Dietz, 91, passed away at his home on August 23rd, 2019. Donald was born to Russell and Nell Dietz on August 5th, 1928 in Yakima, Wa. He was preceded in death by his parents, and his brother-in-law Bill Yergen. Donald married Virginia Galloway on July 18th, 1954. July 18th of this year marked their 65th wedding anniversary. Together they raised two children, Diane L. Jackson and Jack R. Dietz.

Donald is survived by his wife, Virginia, his son Jack and his daughter-in-law, Kim Thomas-Dietz, his daughter Diane and her daughter Jessica and three great-grandchildren: Divinity, Haydin and Abel. Donald is also survived by his sister, Marion Yergen.

Donald attended the University of Washington School of Dentistry. After graduating from dental school, Donald spent two years in the Navy at Camp Pendleton, CA. After his service in the Navy, Donald received his master's degree from the University of Washington, specializing in children's dentistry. Thereafter, he and his wife, Virginia returned to Yakima to set up his dental practice. Donald practiced children's dentistry for over 30 years in Yakima.

Donald was a proud member of the Yakima Rotary Club for over 30 years, as well. He especially enjoyed the foreign exchange program and was host to several students over the years from many countries around the world. Donald and Virginia took all the students they were involved with, on excursions around the northwest. Even now, after all these years, Donald and Virginia kept in contact with several of the students they got to know.

Donald retired from dentistry in 1990 and he and Virginia sold their home in the country and spent some time traveling. For a few years Donald and Virginia settled in Yachats, Oregon where they managed some rental cottages, after making quick friends with the owner, who left Donald and Virginia in charge of literally everything (as he embarked on his own ventures).

After living on the coast, Donald and Virginia moved to Omak, WA where they lived for twelve years. During this time, Donald decided to go back to work and became employed by Safeway. In 2007, Donald and Virginia moved to East Wenatchee, where Donald continued to work for Safeway until February of this year.

Donald was a trustworthy, hard-working man who made a point to spend time with his own family. After a long work week, Donald would take his family fishing, snow skiing, or on day-trips to the John Day fossil beds, for example. Donald never missed one of the kids' sporting events.

Until just recently, Donald and Virginia continued to take road trips across the country. They attended the Basque Festival every five years (for over 20 years) in Boise, Idaho and also drove to the Mariner's spring training camp in Arizona more than once. These are just a couple of highlights of the many travels the Dietz's had over their many years together.

CHAPTER ETERNAL

Edward H. McMillion '60

Edward Houston McMillion died peacefully in his sleep December 2, 2019 following a long-term battle with dementia and declining health. He is predeceased by his wife, Madeline Carley McMillion; his parents, A.L. and Madeline Boso McMillion; his sister, Jane M. Roche, and his brother, Dr. John Leonard McMillion. Edward "Houston" McMillion was born at home in Summersville, West Virginia on December 27, 1941. He graduated from Nicholas County High School in 1963, and West Virginia University in 1964. He then joined the Peace Corps and served in Liberia, West Africa from 1964-1966, teaching elementary school and acting as a liaison between staff and volunteers. There he met and married Madeline Carley. Upon completion of service, they returned to West Virginia, where he taught a year and then completed a Master's degree in Rehabilitation Counseling at WVU in 1969. At that time, he accepted a position with the South Carolina Department of Vocational Rehabilitation and was responsible for much positive legislature, statewide and nationally, for people with disabilities. During his career, he was given the Meritorious Service Award by the National Rehabilitation Association; he served on the Board of the National Rehabilitation Association, served on the Executive Committee of the National Rehabilitation Association, and was Chairman of the Membership Committee of the National Rehabilitation Association. As his career expanded, Houston became a certified Reality Therapist and was made a faculty member of the William Glasser Institute. Houston loved the theatre and all theatrical; he was instrumental in the rebirth of the Chapin Community Theatre, serving on the board as well as acting, producing, and directing in many local productions. He served on the Board of Trustus Theatre, acted at Trustus, Workshop, Town, Lexington and Newberry Theatres. He also appeared in numerous commercials and training videos. Houston and Madeline were key in the establishment of Our Lady of the Lake Catholic Church in Chapin, South Carolina in the late 1970s, beginning with only 22 members. Before the parish had a church building, the boys remember how the entire family got involved every Sunday evening, switching out the missals at the old Methodist Church with Houston directing the details, Madeline directing the choir and the boys serving as altar boys. The McMillion's lived on Lake Murray for over 25 years, giving the boys the gift of growing up on the water and enjoying life on the lake. So many fond memories centered around lake living and socializing with friends from the neighborhood. Houston also loved his Scottish heritage and served as President of Clan McMillan in North America. He also served as President of the Robert Burns Society of the Midlands. Houston is survived by his two sons, Geoffrey Gordon McMillion and wife, Bridget McMillion of Missoula, Montana and John Houston McMillion and wife, Deni McMillion of Chapin, South Carolina. He is also survived by his grandchildren, Ella Therese McMillion (18) and Gordon Edward McMillion (16) of Missoula, Montana. In lieu of flowers, the family suggests donations to the Chapin Community Theatre. Caughman-Harman Funeral Home, Chapin Chapel, is assisting the family with arrangements.
